MERCHANTS PLAN XMAS PROGRAM

Members of the Solano Avenue Merchants Association have launched an ambitious plan for their Christmas decorations this year. The plan contemplates not only an "Avenue of Lights" during the holiday season, but last year's decorations that will beautify the Avenue for years to come.

John Fleich left early Monday morning for the high Sierra to select white pine trees for the Avenue Christmas tree vista. The trees will be sprayed in colors and set in permanent redwood plant boxes along the curb, one at each street light electrolier.

To carry out the "Avenue of Lights" idea merchants are expected to secure light strings from the Solano Avenue Merchants Association and to place the lights on trees in front of their individual stores, to be connected to electric cords from store outlets.

A letter has been mailed this week to every Solano Avenue merchant by Bernice Boyd of the Security Savings and Loan Association, secretary of the Solano Avenue Merchants group, asking that each merchant send in his Christmas contribution to help defray the cost of the Christmas display.

At Monday night's council meeting an appropriation of \$150 was authorized to aid the Solano Avenue merchants in their Christmas plans.

In commenting on the association plans to President 'Bill' Garen before the council meeting, Mayor Lewis M. Howell expressed himself as heartily in favor of every effort being made to further the decoration of Solano Avenue.

After the holiday season permanent trees are to be planted in the boxes along the entire length of the Avenue as a lasting decoration.

There will be Christmas carol singers at the Freedom Shrine and a Santa Claus at Simmons drapery shop to meet the children. This has been arranged by 'Bud' Read and Dorothy Simmons, officers of the association.

As part of the Christmas week activities the Albany Theatre will put on a special Saturday matinee show for the children on Saturday, December 20. On the same date there will be an evening stage review of new acts prepared by Jean's dancing school of Albany and El Cerrito. More than 100 children will participate.

Albany Advisory Group Studies School Problems

The Advisory Committee to the Board of Education held its monthly meeting Monday, November 24 in the Board of Education Room at 904 Talbot Avenue.

The citizens comprising this committee have undertaken the study of many questions parents have regarding the betterment of education for the children in this community. These questions are brought to this committee by the members themselves, or at the request of the Board of Education.

Under study at the present time are the objectives and goals of the schools. This lay group has been working on this project from the standpoint of the parent.

Their views have been discussed with the professional staff in relation to the objectives and goals set forth by that group.

It was noted that perhaps the greatest barrier to agreement between parents and professional staff, of the goals and objectives to further a desirable education for our children, lies in the question "What is to be taught by the parent and what is to be taught by the school?" Among the controversial educational topics were discipline, morals, courtesy, social behavior and the "facts-of-life."

Also under study are the science and mathematics programs in our schools. These topics are to be discussed by the Board of Education with the Advisory Committee on December 9 at 7:30 p.m., at which time the public is invited. The next meeting of the Advisory Committee will be December 15, to which the public is again invited.

singing Christmas carols and playing games, after which Santa will distribute gifts to the members. As this will be the only meeting in December, a large attendance is expected.

BETHEL NO. 265, INTERNATIONAL Order of Jobs' Daughters, will hold an initiation ceremony and regular business meeting on Saturday, December 6, starting at 7:30 p.m. The meeting will be held at the Albany Masonic Temple, 533 San Pablo Avenue. Girls assisting their mothers with refreshments for the month of December are: Janet Walker, Marianne Collins, Susan Roberts and Sally Lewellyn. Marion Streeter, Honored Queen, will preside.

MONICA MILLER OF MONICA FLOWER STUDIO, 1552 Solano Avenue, Albany, has been invited to participate in the Festival of Christmas Trees Exhibition for the benefit of the Children's Hospital of the East Bay being held at the Claremont Hotel ending December 7.

Her donation for the exhibition will be a "Corgage Tree" consisting of pine cones and handmade root fibre cones.

SAN DIEGO CAL. (FHTNC) — John A. Roberts, son of Mr. and Mrs. George A. Roberts of 1225 Brighton Avenue, Albany, completed recruit training November 19 at the Marine Corps Recruit Depot, San Diego, Calif. The 11-week course included instruction in all basic military subjects and infantry weapons.

WILLIAM DIETZ, Commander of Post No. 2658, VFW, and local realtor, is recuperating at his home following a coronary thrombosis suffered during the Veterans Parade on November 11. Friends will be pleased to know he is progressing satisfactorily.

ALBANY POST NO. 2658, VFW will hold the second of its fall and winter whist parties on Saturday evening, December 6, at 8 p.m. in the Albany Veterans Memorial Building. The public is invited. Refreshments will be served. Chairman for the evening is Lavern Anderson.

Frank J. Thelen Waits Discharge From Engineers

Specialist Frank J. Thelen, 95th Battalion, U. S. Army Engineers, has just arrived in New York City after serving 18 months in Germany. He is now awaiting his discharge at Fort Hamilton.

Son of Mr. and Mrs. J. Bryant Thelen of 739 Santa Fe Avenue, Albany, Frank is a nephew of Mr. and Mrs. George McDermott of Albany; grandson of Mr. and Mrs. J. P. Thelen, also of Albany.

During his tour of duty Frank has visited 13 countries, during which he was able to attend the Brussels World's Fair, and the christening of Princess Grace's baby in Monaco. He also visited all the major cities in Germany, including Berlin. He also visited the famous Zugspitzbahn where he took lessons in skiing. He had taken a course in German at the University of Maryland, and one in photography with the U. S. Army.

As soon as he obtains his discharge from the Army Frank plans on driving home from New York in his foreign sports car.

Chamber Chatter

By IRENE GROVE

Only a matter of days until the most wonderful season of the year... Christmas. Your Albany merchants are hard at work to make this a real Christmas city. Street decorations on both avenues will be going up in a matter of days... plans for special promotions and treats are in store for you... So let's support them by doing your Christmas shopping in Albany.

Here is a paragraph that explains how important this is to Albany:

"Yes, YOU are the designer and builder of this community! You design it with your votes for local political leaders, with your suggestions and help in civic affairs and with your support of all local activities... you help to design the blueprint for progress!"

And you build the community by following through on the things you have helped to start in so many everyday ways!

Yet, while we all desire progress and betterment, some still do their shopping away from Albany. Most of the things we need can be purchased right here in Albany. Every dollar you spend locally helps the community seven ways directly or indirectly:

1. The merchant;
2. The merchant's employee;
3. The local banks;
4. The local tax structure;
5. The local school system;
6. Local charities;
7. Local standard of living.

Can we afford to send our dollars out of town where they cannot give us all this in return. SHOP AT HOME — BUILD YOUR COMMUNITY FOR YOURSELF, YOUR CHILDREN AND YOUR NEIGHBORS!"

WANTED—A SANTA CLAUS! Your Chamber of Commerce is the proud owner of a bright new Santa Claus suit, complete with beard and wig but we need someone to wear it. If you want to make a lot of people happy, have fun and get paid for it too... call the office, Landscape 5-1771 for details.

Note to organizations... said suit will be available to you by appointment. Just another service of your Chamber of Commerce.

MEET YOUR INDUSTRIES: Albany does have them. Did you know that when you have received an advertising yardstick, ruler or paint paddle from a paint dealer or like company at a Home Show or such that it was prob-

Heart Specialist Will Address Rotary Tuesday

Dr. Ivan May, heart specialist, will be the speaker of the day at the Albany Rotary luncheon next Tuesday. Dr. May was born in Iowa, later moving to Oakland where he studied at the Veterans Administration, and also at the University of California. Charles Lobenberg will be chairman of the day, and President Herb Foley will preside.

Last Tuesday Rotarians heard a most interesting and instructive talk by Kenneth M. Forry, Superintendent of Albany Schools, on "Safety." He cited many cases, particularly affecting schools, giving major details and the findings of the courts. Many were mentioned in which the awards for damages reached what might be termed fantastic figures.

Card of Thanks To Fire, Police

Mrs. Louise Coggiola of 1144 Marin Avenue wishes to thank the Albany Police and Fire Department men for their speedy response and help when her late husband was fatally stricken recently. She would also thank those who helped with emergency treatment before he was taken to the hospital.

Hestia Club Plans Christmas Party

The Hestia Club is planning a Christmas Party to be held on Monday, December 8, at the home of Mrs. G. Anderson, 5811 Harbor Drive, Oakland. The program will consist of Christmas readings by Mrs. F. H. Elliot, and carols by Mrs. John Hastings. Members are requested to bring a toy and canned food for gifts.

Fireman Freddy Says:

Burning papers in your fireplace is a bad practice unless your fire is covered with a screen of not more than quarter inch mesh.

FINANCING OF DUMP COUNCIL PROBLEM

Final decision on whether it will be possible to re-open the Albany dump to disposal of rubbish will be the main subject of the agenda of the city council next Monday, December 8.

The space available amount to a strip only 80 feet wide, and this has been filled to a height of several feet at the center and shows a tendency to slide into the open water. Drifting of debris out into the ship lanes has brought several warnings from the Army Engineers, and the Albany Health Department has demanded that the debris be covered with at least two feet of earth, as a health measure, and to lessen the danger of rat infestation.

Engineers have studied the problem, and have recommended the installation of short piling, and a wire fence some distance out in the bay. The council has delayed ordering this work because of the cost, and the certainty that a new fence would have to be installed frequently to keep up with the daily addition of debris. Cost has been estimated at a minimum of \$2500 with the probability that a similar or larger amount would be required over periods of from three to six months. This brings the matter into the budget as a considerable item.

The council also set Tuesday, January 13 as the date for a combined hearing by the Council and the Planning & Zoning Commission for final consideration of the new zoning ordinance which has been under study for some months.

Request for an additional street light in the 900-block of Marin Avenue, was referred to the Park Commission on the suggestion that a large tree near a present lamp threw a shadow over a large area, and that trimming of the tree might correct the situation.

After a public hearing approval was granted on the re-zoning of Lots 9, 10, Block 17, Regents Park Map No. 6, at 631 Stannage Avenue.

Action on Ordinance No. 58,043, adopting a "City Code of the City of Albany," was held over for two weeks for study by members of the council.

On motion of Councilman Donahue the council approved the sending of a letter of commendation to the Albany Police Department for their action in apprehending four alleged bandits, following their attempt to rob an Albany tavern early Thanksgiving morning.

Councilwoman Mrs. Zahn, named by the council to represent the city before the Public Utilities Commission in an effort to have the "G" bus included in the lines scheduled to load and unload in the S.F. bus terminal rather than out on the street as in recent months.

Close Albany Pool Dec. 6 to Jan. 12

THE FOLLOWING ORIGIN-AL POEM 'compiled' by the Sixth grade pupils at Cornell School, was sent in by Principal Milton Gordon:

THANKSGIVING

For these things we're thankful, Lord:

For the food Thou givest us,
For fertile ground and goodly crops,
For rushing rivers and flowing streams,
For forests green and creatures wild.

We're thankful for families
Who give us love and kindly care,
For homes that shelter us from harm.
We're thankful for the clothes

we have,
For schools and churches everywhere.

For this goodly land which Thou hast made —
Accept our thanks, O Lord,
this day.

Amen.

"You can fool all of the people some of the time and some of the people all of the time, but . . .

You can't fool all of the people all the time!"

When YOU buy a watch, be sure:

FIRST . . . That it is a current, not a discontinued model. Old watches do not fade away . . . they are sold to other outlets.

SECOND . . . That the guarantee is good. Only watches sold by authorized dealers carry a factory guarantee and your local dealer's personal guarantee, backed by the finest electronic repair equipment.

THIRD . . . That the price is right. When your authorized dealer puts on a sale, there are bonafide reductions, not fake bargains.

FOURTH . . . Your old watch is worth money. Take it where you will get good trade-in value!

BEWARE Phony Price-Tag "Bargains"!
• Would it be possible that you actually paid more for that "bargain" than its regular price? This consumer report in December Reader's Digest shows how phony many reductions are on TV sets, jewelry, appliances, cosmetics and other products . . . And what you can do about it!
